On a hot Texas night in August 1978, Travis McGee wakes from a deep sleep to find he is floating eight inches above his mattress. His room, along with the backyard, is brighter than daylight. He goes out into the yard along with his family and sees blinding lights hovering soundlessly above his neighborhood. The light lasts only moments, but the effects ripple through the lives of Travis, his friends and family, setting off a chain of events that threaten to destroy them all. As Travis and his friends seek to discover what the lights are, they soon learn they have been fundamentally changed, with new powers and abilities pouring into their lives. The teenagers realize these amazing powers can be combined to create dynamic, sometimes dangerous, happenings, which fulfil their wildest dreams and open their lives to nightmares beyond belief. With a backdrop filled with the racial tensions and history of the area, Green Light Bridge is a suspenseful thriller that explodes with nostalgia, small-town drama, and deadly mayhem. Set in the fictional town of Cow Hill, Texas, the story follows Travis and his friends as they confront unimagined powers and unspeakable evil that threaten their very survival. This item ships from La Vergne, TN. Paperback.
