As a member of a top secret black ops mission deep inside Pakistan, his Marine Force Recon Unit had a close up and personal tour of Hell on Earth and the horrors that men are capable of doing to one another. When he returned back stateside to Napa, California, Rob was a shadow of his former self, a broken young man left clinging to the tattered fragments of his marriage, his memory, and the rapid decline of his physical and mental health. Coming back from the war was supposed to be the end of Rob's misery, the start of his new life, but unfortunately Hell had followed him home and the horror and pain had only just begun.
