Complete guideline for publication fans. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Scribe Publications. Paperback. Book Condition: new. BRAND NEW, No-Drama Discipline: The Whole-Brain Way to Calm the Chaos and Nurture Your Child's Developing Mind (New edition), Daniel J. Siegel, Tina Payne Bryson, The pioneering experts behind the bestselling The Whole-Brain Child now explore the ultimate child-raising challenge: discipline. A breakfast bowl gets thrown across the kitchen, splattering milk and cereal all over the wall. Or one of your kids threatens a younger sibling. Or you get a call from the headteacher's office for the third time this month. What do you do? No-Drama Discipline provides an effective, compassionate road map for dealing with such tantrums, tensions, and tears - without causing a scene. Based on recent discoveries about the brain that give us deep insights into the children we care for, what they need, and how to discipline them in ways that foster optimal development, this book offers a 'relational' approach that builds on children's innate desire to please their parents and get along well with others. Complete with candid stories and playful illustrations that bring the authors' suggestions to life, No-Drama Discipline presents clear messages in a practical and inviting format. Using these techniques, you can discipline your children in a way that's high on relationship-building, high on respect, and low on drama and conflict. As a result, your life as a parent will be easier, and your parenting will become more effective. And more importantly, you'll create connections in your children's brains to build emotional and social skills that will serve them now and throughout their entire life - all while strengthening your relationship with them.
