

Aquaculture Management

By Dilip Kumar, Umesh C. Goswami

Narendra Publishing House, 2009. Hardcover. Book Condition: New. The aquaculture sector of the Country has enhanced its Technology and capacity building as well as the translation from experimental ideas of laboratories to practical use by the common masses. Farmers, Fisherfolk and entrepreneurs have adopted such ideas on a large-scale commercial basis. Fish and other non-piscian items are high quality protein, along with quality fatty acids, there is an ever-growing Demand and it has been found that it is one of the fastest growing food production activities in India. The global scenario requires an additional 30 million tones of fish by 2020, while the internal demand is also increasing day by day to a considerable amount. Capture fisheries Stock have either reached the maximum sustainable yield or overfishing has exploited it. Considering this, it is essential to enhance production from different aquacultural activities. Serious attention has to be drawn towards the aquacultural activities and sustenance of the environment. Several new issues such as diversification of Species in the culture system, maintenance of quality seed, new approach to Biotechnology and genetics, development of Cost effective feed, maintenance of diseases, development of vaccines, fisherfolks, welfare scheme etc. are some issues which urgently need to...
