Are you noticing your partner starts spending more time at work for no obvious reason? Is he/she suddenly having regular overnight business trips? Strange items on credit card or phone bills that your partner can't explain? No longer having intimacy or even sex drive like he used to? I myself know the sting of a cheating spouse. I had been with my first husband for over 6 years and I thought I knew him better than anyone. But it turned out I was more deceived than most of the people around him. But discovering infidelity is more than just a gut instinct - it is also a willingness to face the truth; a truth that can shatter everything you hold to be true. That alone can be a dark and fearful thing and requires a bravery you may not even know you have. And what do you do if your partner is cheating on you? Do you stay or leave? How do you handle the emotional stress? Fortunately for me, I have gone from the shock of discovering my ex-husband's cheating to full recovery from this nightmare to finding love and being happily married again. I am here to share my experience and everything I have learned throughout my journey. I have helped my friends with this knowledge and I know I can help you too. In *How to Catch a Cheating Spouse Survive Infidelity*, you will discover all the answers you need to uncover the truth and get through the heartbreak. Here's what you'll learn...
