If Rachael Adair could only use one word to describe her life, it would be, pandemonium. When her mother was diagnosed with non-Hodgkin s lymphoma, she knew life couldn t get any more complicated. As the disease sows discord amongst family members, Rachael is forced to deal with a classmate making her existence a living nightmare and cryptic threats from a little girl calling herself Delilah. All she can lean on are her new-found friends, Vera and Holden. Then Holden s guardian reveals their family secret: they are werewolves. And when her mother dies, their alpha intends to offer her a new life as a lycan. While our heroine labors to keep her head above water in day-to-day high school drama, the alpha s interest in her inadvertently signs Rachael s death sentence. Howl of the Sequoia is one girl s journey into the paranormal, a world she is utterly unprepared to confront, and where vengeance can be taken for the smallest perceived slight. Only when she has to fight to save her brother s life does Rachael realize what sort of monstrosity she s up against-and the consequences of becoming one of the pack.
