Peer-To-Peer Systems IV: 4th International Workshop, Iptps 2005, Ithaca, NY, USA, February 24- 25, 2005, Revised Selected Papers

By -

Springer. Paperback. Book Condition: New. Paperback. 292 pages. Dimensions: 9.2in. x 6.1in. x 0.8in. The 4th International Workshop on Peer-to-Peer Systems was held at Cornell on February 24th and 25th 2005. The IPTPS workshop continued to bring together researchers and practitioners from a variety of disciplines, including networking, theory, databases, security, and scientific computing. They described experimental findings, discussed challenges, and presented novel techniques. We received 123 submissions. Submissions were limited to 6 pages, one page more than in previous years. The submissions were reviewed by a Program Committee consisting of 18 international experts from academia and industry. After a bidding process, each committee member was assigned 20 papers to review, generating 3 reviews for each paper. Controversial papers were assigned additional reviewers.

The papers were then ranked based on originality, technical merit, and topical relevance, as well as the likelihood that the ideas expressed would lead to insightful technical discussions at the workshop. The program chairs suggested a program which was extensively discussed and revised by the entire committee to produce the final program. We accepted 24 papers, which were organized into 8 sessions: Security and Incentives, Search, Multicast, Overlay Algorithms, Empirical Studies, and Network Locality, and two sessions on miscellaneous topics. Authors revised their submissions for a preproceedings distributed at the workshop. After the workshop, the authors revised their papers once more for the proceedings before you. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN....
