

## Basic Finance Tools for the Healthcare Manager (Hardback)

By Harrison

Cengage Learning, Inc, United States, 2012. Hardback. Book Condition: New. 239 x 206 mm. Language: English . Brand New Book. Extremely practical and packed with current examples, Introduction to Health Care Finance and Accounting delivers a comprehensive overview of the business side of health care. This entry-level health care finance text offers you detailed discussions of cost reimbursement programs, economic factors driving the rising costs of medical services, and health care reform through the Patient Protection and Affordable Care Act of 2010. It explains the basics of health care accounting and finance, from accounting fundamentals, operating the cash drawer and bank reconciliation through the more complex issues of cash management, budgeting and variance analysis, and revenue cycle management. Extremely practical, the text uses relevant, real-life examples to provide simple explanations of number crunching and key calculations. Whether you ultimately work in administration or clinical practice, the text's thorough coverage of the fundamentals of health care finance ensures you are well prepared for the business side of healthcare.

### Reviews

*A top quality ebook as well as the typeface used was interesting to see. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Dr. Isabell Wiza DDS**

*This kind of book is every little thing and made me searching ahead of time plus more. This is certainly for anyone who stante that there was not a well worth reading through. Its been developed in an remarkably straightforward way in fact it is simply following i finished reading this pdf in which really modified me, alter the way i really believe.*
