

Principles of General, Organic and Biological Chemistry (2nd International edition)

By Janice Gorzynski Smith

McGraw-Hill Education - Europe. Paperback. Book Condition: new. BRAND NEW, Principles of General, Organic and Biological Chemistry (2nd International edition), Janice Gorzynski Smith, Serious Science with an Approach Built for Today's Students. This one-semester Principles of General, Organic, and Biological Chemistry textbook is written with the same student-focused, direct writing style that has been so successful in the Smith: Organic Chemistry and two-semester General, Organic, and Biological Chemistry texts. Janice Smith draws on her extensive teaching background to deliver a student-friendly format - with limited use of text paragraphs, through concisely written bulleted lists and highly detailed, well-labeled "teaching" illustrations - that provides need-to-know information in a succinct style for today's students. Armed with an excellent macro-to-micro illustration program and many applications to biological, medical, consumer, and environmental topics, this book is a powerhouse of student learning. Don't make your text decision without seeing Principles of General, Organic, and Biological Chemistry, second edition by Janice Gorzynski Smith!.

Reviews

This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.
