Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. It began with night terrors. It grew into a mystic battle between Good and Evil with an innocent human, shackled by secrets, caught in the middle. There are real monsters in the world. Creatures of myth and mayhem older than history itself, and Lane will see them all as they come to wage war on reality. Heroes and mentors will help him stay alive and join the struggle. He will ally himself with celestial guardians, and a ragtag team of survivors, as they fight monsters and enemies of hope, thought-based progeny of the Primals that exist all around us, even in plain sight. There are Soul-Stealers and Psi-Mages, the soulless Grays and Cyborgs - too many to count, much less survive. But Lane will join the war humanity must win. The alternative is too horrible to except. The Armageddon Effect is a sweeping tale of heroes and demons, an epic battle between the forces of Compassion and an army of Evil born out of our darkest nightmares. Combining classic aspects of traditional science fiction, stories of the paranormal, military psi-fi, and the world's most powerful folklore, creates a tale of action and adventure like no other.
