

## Ah-Poui: A Hodge-Podge of Useless Information

By Joe Hanley

Fleming Publishing, United States, 2010. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Joe Hanley, born to a farm couple Will and Nora Hanley, in the midst of the great depression June 1932, grew up asking questions about our earth. His practical experience took him to the coasts of this country, to the mountains in mining operations and exploration for suitable building stone in many areas for his stone business in Orange County, California. He has seen fossils of animals smaller than salamanders to a pre-historic animal whose torso was about 30 feet long including a 10-foot tail all encased in limestone. This animal s bones not bones but had the cellular or honeycomb type structure still within them. Adding to Joe s practical experience with stones and bones, further research in books and journals by many different experts including scholars in ancient weather, paleontology, archeology, astronomy, Egyptology, Middle Eastern history and geography, and other disciplines resulted in a series of essays that was humorously called A Hodge-Podge of Useless Information. The motive of this work is simply to show there is an alternative view to things academia and established science...
