Search Press Ltd, United Kingdom, 2018. Paperback. Condition: New. Language: English . Brand New Book. This complete beginner's guide to painting trees and woodlands is ideal if you want to learn to paint but are short on time. 30 quick and easy exercises, that each take no more than 30 minutes, offer you a complete course teaching all the skills you need to paint trees on their own and as part of beautiful woodland scenes. The 30-minute paintings are all worked at postcard size - ideal for a 6 x 4 (A6) watercolour pad, and outline drawings are provided on tracing paper for those who are less confident at drawing. Each of the small paintings focuses on a specific subject or technique and is a work of art in its own right. Store them in your portfolio as an easy reference for future painting projects, or even frame them and display them on the wall to impress your family and friends. The final section of the book contains three complete paintings that demonstrate how to combine everything you've learned in the previous exercises. These paintings are also accompanied by actual-size tracings.
