

Carom: Book I: The Wheels of Fate (Paperback)

By Jaime Munt

Jaime Munt, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. When a second sun rises over the world of Masfield, it can mean only one thing--someone was born that would change the world so drastically that no life would go unaffected--and so, leaving the whole world holding its breath in anticipation and fear. The whole world, that is, but small isolated villages where there is more concern for getting the harvest in than astronomical anomalies. And that is where Carom s story begins. ***** By no means new, this book and those following are part of a work almost fifteen years in creation. Originally meant to be three novels, the story has grown to epic scale and, while the conclusion is still years away, it was about time to let it begin.

Reviews

This is basically the greatest pdf i have got go through right up until now. It normally fails to cost excessive. Once you begin to read the book, it is extremely difficult to leave it before concluding.
