Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from **America, a Four Years Residence in the United States and Canada: Giving a Full and Fair Description of the Country, as It Really Is, With the Anecdotes of Persons and Institutions, Prices of Land and Produce, State of Agriculture and Manufactures Having been called upon, in many towns and villages in Yorkshire, to recite my personal narrative of America and the Americans, a call which I have always complied with, my friends now have paid me the compliment of asking me to publish an account of my four years residence in that country, and, at their suggestion, I have written out, from notes taken at the time, and from memory, the following pages. This book contains a true and faithful account of my peregrinations in North America, and an account of all I saw and heard which I thought worth remembering. I have, in general, given the true names of the parties spoken of, and it has been my aim that I should nothing extenuate, nor set down aught in malice. It will give my countrymen, who are now thinking about emigrating to that continent, a fair specimen of what they may expect when they arrive there; what prospects are held out to them by both countries, the United States and Canada; with a fair specimen also of the peculiar characteristics of the great bulk of the inhabitants.
