Adyn is caught in the heart-wrenching position of having to race against time to save his girlfriend, but when another enemy makes an appearance, nothing is certain anymore. Hold on tight as you travel home with this mage pair as they fight to make it back to Missouri in one piece. This story is set in present day America and takes place on a passenger train traveling between the states of California and Missouri. This project was inspired by a dream the author had and finished with encouragement and support from the author s significant other.
