Reviews

This book might be worth a read, and superior to other. Of course, it really is engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Prof. Valentin Hane MD)

POSTAL REFORM LAW: EARLY TRANSITION IS PROMISING, BUT CHALLENGES TO SUCCESSFUL IMPLEMENTATION REMAIN: GAO-08-503T**DOWNLOAD**

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 34 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. In December 2006, Congress passed the first comprehensive postal reform legislation in over 30 years. The Postal Accountability and Enhancement Act (the act) provided opportunities to address many of the financial, operational, and human capital challenges facing the Postal Service (the Service), which contributed to GAO's decision to remove the Service's transformation efforts from its High-Risk List last year. Specifically, the act provides tools and mechanisms that can be used to establish an efficient, flexible, fair, transparent, and financially sound Postal Service—one that can more effectively operate in an increasingly competitive environment not anticipated under the Postal Reorganization Act of 1970. This testimony focuses on (1) the actions to date resulting from implementing the act and how it affected the Service's 2007 financial condition, (2) the implementation challenges and areas for continued oversight, and (3) how information required under the law can contribute to future postal reform decisions. The testimony is based on GAO's past work; a review of the implementation of the postal reform law, including actions already taken; and updated information on the Service's financial and operational condition. The Postal Service had no comments on this testimony. This item ships from La Vergne, TN. Paperback.
