Defense Logistics: Actions Needed to Improve Implementation of the Army Logistics Modernization Program: Report to the Chairman, Subcommittee on Readiness, Committee on Armed Services, House of Representatives. (Paperback)

By U S Government Accountability Office

On Demand Publishing, LLC-Create Space, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Logistics Modernization Program (LMP) is an Army business system that is intended to replace the aging Army systems that manage inventory and depot repair operations. Through 2009, the Army obligated more than \$1 billion for LMP. LMP was originally scheduled to be completed by 2005, but after the first deployment in July 2003, the Army delayed fielding because of significant problems. The Army has since decided to field the system in two additional deployments: the second deployment occurred in May 2009, and the third deployment is scheduled to occur in October 2010. GAO was asked to evaluate the effectiveness of the Army's management processes in enabling the second deployment sites to realize the full benefits of LMP.
