Oxford South Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. STILL BEAUTIFUL blurb Fall in Love Like a 20 Something. 20 year old double-engineering major Cinda Moran is the smart one. Her older sister Kenley. is the pretty one. Their nightmare match-making mom has always made their roles pretty clear, and it s no mystery which daughter she prefers. So while Kenley played the passive dress-up doll, Cinda did the opposite, refusing any attempts to prettify her and make her into billionaire bait. Instead, she s fiercely focused on academics and her internship at an Atlanta TV station. And as far as romance goes-please-she s not even sure true love is a thing. As she does for everything else in her life, Trekkie-girl Cinda s got a logical plan: select a sensible mate, come to a mutually satisfactory agreement, and decide to stick it out for better or worse. Then she meets Blake Branham. He makes no sense for her at all. He s a reporter at the station, years older, and has ambitions to work at the network someday while she intends to stay put in Atlanta. Even worse-he s a total alpha. With her own Mr. Spock personality, the last thing she needs in her life is a swaggering Captain Kirk taking stupid risks and tempting her to do the same. And he is tempting. When she s forced to work closely with Blake on live shots and gets to know him outside the station as well, Cinda feels things she s never felt for another guy and starts to wonder. should she boldly go where she s never gone before? Should she give love a chance. even if it s not logical? This is the fourth book...
