Reviews

It is in a single of the most popular ebook. It really is simplified but excitement in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

RUMI'S FOUR ESSENTIAL PRACTICES: ECSTATIC BODY, AWAKENED SOUL

Inner Traditions Bear and Company. Paperback. Book Condition: new. BRAND NEW, Rumi's Four Essential Practices: Ecstatic Body, Awakened Soul, Will Johnson, The great thirteenth-century Sufi mystic and poet Jalaluddin Rumi began his life as an orthodox Islamic believer but felt that to fully experience complete union with the divine he must abandon institutionalised religion and its prescribed forms of worship. Surrendering his will to his overriding urge for a much more immediate, intuitive and compelling union with the divine, he found that by manipulating certain behavioural aspects of his physiology - eating lightly, breathing deeply, moving freely and gazing raptly - he was capable of loosening the rigid confines of the self, thereby overriding its limitations and achieving a transcendent merging with his own divinity. His message is simple: if you wish to affect the spirit, you must first make changes in the way your body responds to the world. Through clearly written commentary interspersed with Rumi's beautiful poems, this book details these four practices in a very precise way. As such, it is a sweet and open invitation to follow the examples set forth in order to embark upon one's own path of inner illumination. The freshness of Rumi's poetry dissolves the 700 years that separate his life from our own time, making his message as pertinent today as when he walked the streets of Konya, Anatolia (present-day Turkey), reciting his inspiring verse. This book allows us, through Rumi's gentle guidance, to touch the face of God that resides deep within us all.
