In Foodture We Trust (Hardback)

By Heinz R Gisel

Xulon Press, United States, 2009. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The distance between natural foods and what the average American family puts on their dinner table grows wider every year. In Foodture We Trust, the author explores the role that politics and profit play in over-processing all nutritional value out of foods, turning the Creator s abundant, widely varied gift into an indigestible sludge that only marginally resembles the original design. Learn the history of the genetic engineering of food; misappropriation of scientific studies to support the profits of big business; the effort to convince the American public it needs drugs created for diseases that never existed before; and legislation aimed at outlawing natural foods, processes, and remedies for the sake of protecting profits. Gain a scientific understanding of the benefits of natural foods, and learn about evidence that the bureaucracy responsible for protecting the health and nutrition of Americans is dedicated to destroying them instead. For thirty years Heinz Gisel traveled the world innovating cutting-edge medical technology and providing doctors with new instruments to treat illness. As the CEO of medical laser companies, he learned that funding disease fighting technology...
