THE SCIFI END OF THE SUPERNATURAL: A SHORT STORY COLLECTION (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Seven stories. Many characters. Some human. A few not. It s science fiction with a smattering of the supernatural (a couple of ghosts, a witch, or two and meteorites.go figure.) Wander into a familiar world, Earth, and see it from a different perspective. However, each story opens you up to a new aspect of reality. Blue Boy Blue children have always been with us throughout time. However, Donald, is of a different kind. The Complications of Time Meteorites and first dates don t usually go together well. This is no exception especially when you throw in a space rock that glows. Technophobia He gets the cold sweats when he must interact with a machine, any machine. Especially her. Tj s Petition Moving to a new place can be tough especially when you re a teenager. It becomes tougher when you have rotting finger locked in a trunk. The Ascension of Peoria 5 Aliens can be bi-polar, too. But, that rule only applies when said alien has three eye spots, instead of the normal five. Jack, the Beanstalk, and all the Rest Taking a well-known childhood tale and turning it on its head, we meet a new, urban Jack with a few new tricks that Tabart and Dahl did not envision. How Charlie Ray Saved My Life A regular Joe-Schmo gets lucky and finds the girl of his dreams. And, they live happily ever after - not. That s where Charlie Ray comes in. None of these stories are -normal.- But then, what s normal anyway?.
