AUTHORHOUSE, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is a must-read book for inquisitive minds, those with big ideas in the collaborative foundations of Democratic Governance, Public Administration and Capacity Building. It is a book of building and improving public service, current issues and best practices in managing transformational trends in governance and democracy, employee empowerment citizen participation and the rampant culture of corruption in the Nigerian system of government. It is a book of learning from the practice of Democratic Governance in a civic society; a practical example of Nigerian inept leadership in management of the Public Administrative sector that includes thought-provoking normative arguments; a book that creates a powerful learning instrument for students of research methodology; a reference book for adult learners and researchers; a book that can bring each person's life experiences to share, and allow them to open their minds as they read the book with innovative public leadership development in mind.
