## A NEW FREEZING TECHNIQUE FOR SAMPLING SALMONID REDDS (CLASSIC REPRINT) (PAPERBACK)

FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from A New Freezing Technique for Sampling Salmonid Redds The new method, as does the methods used by Walkotten (1976) and Lotspeich and Reid (in press) allows collection of the eggs and alevins in the redd at any stage of development, will function at any air or water temperature or stream depth, and will determine the horizontal and vertical location of the eggs and alevins. The new system uses CO<sub>2</sub> more efficiently and alleviates problems of clogging from dry ice. The method will take a sample of any size that can be lifted and transported and will allow the complete redd or selected parts of the redd to be analyzed in the laboratory in a near natural condition. The method has the potential for improving our estimates of embryo and alevin survival rates and identifying causes of their mortality. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
