

A New Witness for Christ: Chiastic Structures in the Book of Mormon

Filesize: 9.67 MB

Reviews

A must buy book if you need to adding benefit. It really is writer in straightforward words and not difficult to understand. I am just pleased to let you know that here is the best ebook i have got read through in my individual daily life and may be he best book for ever.
(Prof. Charles Boehm)

A NEW WITNESS FOR CHRIST: CHIASTIC STRUCTURES IN THE BOOK OF MORMON

Horizon Pub & Dist Inc, Springville, Utah USA, 1997. Hardcover. Condition: New. 0882906003 Brand new softcover, never been read! ; Chiasmus is a literary form which is used extensively in the Bible. The structure of the chiasmus comprises repeated sets of identical or related words, phrases or concepts; the second set is a repetition of the first, but is used in inverse order, as A, B - B, A. Matthew 19: 30 contains a well-known chiasmus: "But many that are first shall be last; and the last shall be first. " Many chiasma are extensive and involve a central theme as well as numerous layers of related sets. Chiasma are not readily apparent to readers of the scriptures who are untrained in their identification. In fact, chiasmus as a literary form was virtually unknown to Bible scholars when The Church of Jesus Christ of Latter-day Saints was restored through Joseph Smith. It is obvious that Joseph was unaware of the form when he translated the plates of the Book of Mormon. Yet now, through the careful analysis performed by the author, over 960 Book of Mormon chiasma have been identified and are listed and analyzed herein. Author H. Clay Gorton, in his previous book Language of the Lord - New Discoveries of Chiasma in the Doctrine and Covenants, has already made a powerful case that chiasma are a characteristic of the Lord's speech pattern, and that their existence in the scriptures is strong evidence that those scriptures constitute divine revelation. He identified over 220 chiasma in the Doctrine & Covenants. Now, in this book, he documents over 960 chiasma in the Book of Mormon! He defines eight distinct types of chiastic structures. He takes all the chiastic passages found in the Book of Mormon and presents them in easy-to-read diagrams...
