FORD CROWN VICTORIA

DOWNLOAD

Alphascript Publishing Dez 2009, 2009. Taschenbuch. Condition: Neu. Neuware - The Ford Crown Victoria is a rear-wheel drive full-size car first produced by the Ford Motor Company for the North American market in the mid-1950s. Its current incarnation has been in production since 1992 at Ford's St. Thomas Assembly plant. The Crown Victoria, and its Mercury and Lincoln stablemates, are the only full-frame rear-wheel-drive passenger cars built in North America. Beginning with the 2008 model year, it has been available only for fleet sales, mainly in police and taxi form, but also for rental car companies. The Crown Victoria was replaced as Ford's flagship with the introduction of the 2005 Ford Five Hundred. However, the 5,424 Crown Victorias sold in January 2007 far exceeded the 3,526 of the newer Five Hundred (rebranded as the Taurus in 2008) which was a more technically advanced full-size car with similar passenger space and better fuel economy. 212 pp. Englisch.
