Survival of Consciousness, LLC. Paperback. Condition: New. 166 pages. Dimensions: 8.5in. x 5.5in. x 0.4in. Spiritual Sight is a natural ability to access information about a place with or without living beings in it that is not available to the ordinary senses. This innate ability of human beings validates scientific theories that we live in an information-based interconnected energetic universe. The Spiritual Sight protocol echoes a basic spiritual wisdom found in Vedic scripture, Buddhist teachings and in contemporary Christian thought. Both ancient cultural wisdom and modern evolutionary Gaia theory conceptualize all life on earth as being one conscious evolving creative organism. Each one of us is part of a greater consciousness. As such, each one of us has direct access to the creator God and a universal source of knowledge. Spiritual Sight demonstrates this access in an unmistakable fashion that can be life affirming and transformational. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
