Cruguru, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The unthinkable has happened. An environmental organization warned the world against it. Still, nobody believed that it would turn out like this. But Donald Morse proves everyone wrong. Defying all security measures, he manages to steal a shipment of nuclear material from a cargo ship destined for Japan's nuclear power reactors. Could anything be worse than this scenario? Perhaps the fact that Donald Morse knows that South African scientists developed extremely dangerous nuclear weapons during the apartheid years, weapons that the world thought were not possible to construct. Donald has information where these deadly weapons are hidden - and he has plans to get them out. Ken Palmer is sent by the FBI to find Donald Morse and to arrest him. But Ken has to deal with traitors from within as well as onslaughts on his life. However, he discovers the real spine-chilling reason for Donald's need for the nuclear weapons and he realizes that Donald has to be stopped in any way possible.
