THE DEAF CHILD IN A HEARING FAMILY: NURTURING DEVELOPMENT (PAPERBACK)

Plural Publishing Inc, United States, 2011. Paperback. Condition: New. Language: English. Brand New Book. Hearing enables us to identify events from the sounds they make. Because sound travels a long way, we can identify events at a distance. Because sound travels rapidly we can identify events almost as soon as they occur. And because sound travels around corners we can identify events even when the objects involved cannot be seen. One of the roles of hearing is that of..

Reviews

The publication is easy in read better to understand. It is written in basic words and phrases rather than hard to understand. You wont truly feel monotonny at anytime of your respective time (that's what catalogues are for about if you question me).
