

Operations research (mathematical programming papers) Mathematics series

Filesize: 8.27 MB

Reviews

Completely essential read ebook. It is among the most awesome book i actually have read. I am very happy to explain how this is basically the greatest book i actually have read in my individual existence and might be he best pdf for possibly.
(Prof. Alexandro Runolfsson)

OPERATIONS RESEARCH (MATHEMATICAL PROGRAMMING PAPERS) MATHEMATICS SERIES**DOWNLOAD**

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 261 Publisher: Beijing Jiaotong University Pub. Date :2011-09-01 version 1. PAN Zhi Lu Peng and editor of operations research (mathematical programming Part 1) system to explain an important part of operations research mathematical programming models. algorithms and computer software to solve. Prominent in the content processing algorithm to follow explanations. focusing on software use. combined with the application of the principles of case studies to stimulate student interest in learning. guide students to think. to enhance students analyze and solve problems. and thus better reflects the operations research practicality and value. The book is divided into eight chapters. including linear programming. goal programming. nonlinear programming. unconstrained and constrained extremum problem. dynamic programming. optimization and intelligent network planning. Operations Research (Mathematical Programming Part 1) as institutions of higher learning and economic management science and engineering disciplines graduate students. engineering graduate students and senior undergraduate textbook. but also as a professional engineering and technical personnel engaged in related reference books. Contents: Chapter 1 Linear Programming Linear Programming mathematical model 1.1 1.2 1.3 graphical method of linear programming linear programming solution of the basic concepts and properties 1.4 1.5 simplex method of linear programming duality theory and sensitivity analysis sensitivity analysis 1.7 1.6 1.8 integer programming software to solve linear programming problems 1.9 Application Case Problem 1 Introduction Chapter 2 goal programming 2.1 basic concept of goal programming and goal programming problem 2.2 the mathematical model for solving goal programming approach 2.3 Introduction 2.4 Applications Software Problem Solving 2. Part 3 nonlinear programming basics Chapter 3.1 3.2 non-linear programming basic concepts of classification and an example of one-dimensional search for Exercise 3.3.3 Chapter 4 4.1 unconstrained extremum problem gradient method...
