

Aspects of Language and Language Teaching (Paperback)

By W. A. Bennett

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This 1968 book explains what was a new approach to language teaching, and introduces teachers and students to the linguistic and psychological theories which underlie these methods. Language laboratories were becoming commonplace in schools, colleges and universities of the day. Unhappily, however, the teaching techniques used in them seldom realized the full potential of these valuable teaching aids. The author based his approach firmly on the spoken language and describes the transformational generative grammar and scale and category grammar which form the basis of modern methods and goes on to show how these principles can be applied in teaching.

Reviews

Without doubt, this is actually the best operate by any article writer. Indeed, it can be perform, nonetheless an interesting and amazing literature. Its been written in an exceedingly straightforward way in fact it is only soon after i finished reading through this book through which in fact changed me, modify the way in my opinion.

-- **Miss Elissa Kutch V**

This published book is wonderful. It is really simplified but unexpected situations within the fifty percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
