A brutal supernatural crime story involving a small town lawman investigating a secret culture of murderous werewolves. Gore and sex, in the tradition of True Blood. The war of the Ferals is coming. Small town lawman, Dale Chesnutt, has been in the center of the Feral violence since he was infected by a powerful she-wolf. But try as he might, his lot in life has gone from bad to worse with every woman he cares about ending up slaughtered because of him. And now the government has brought in an insane doctor who is intent upon discovering and obtaining the source of Feral power for himself. But no man can control the blood infection of the Feral line and his mad ravings have started a violent clash that can only end in misery for everyone. The war of the werewolves begins here - its Feral beasts against the military for the secrets of the wolf bloodline.
