Campaign Victory Goes Viral is the third novel in the Allen Dowling Series. Allen Dowling is an entrepreneur in the most American sense of that word, having made an early commitment to the development of internet computing. He knows he is riding a wave of modern progress and has the formula to make a success of his internet startups. Both Allen s List and Coupit have now made their IPO debut and their stock is stabilizing. Allen is just completing his contracted three years as founder of Coupit, a computer marketing program for businesses around the world. But, Allen Dowling was never a man to rest on his laurels. Having started two internet blockbusters and achieving multi-millionaire status would have satisfied most entrepreneurs. But that s when the presidential campaign director interrupted his dreams of summer vacation at Martha s Vineyard. His marketing success had become legendary and business magazines were doing feature articles on Allen Dowling, social media mogul. His management team of three associates were also being promoted as internet geniuses: Bill Larson, Wendy Jones and Allen s wife, Lindsey Walker Dowling. That finally got the attention of the Democratic Campaign, mired in a difficult expensive race for the White House. Efforts to get the first black President re-elected to a second term was proving tough. It was time to call on Allen Dowling to work his social media magic.
