PROJECT MANAGER

GPM Aug 2006, 2006. Buch. Book Condition: Neu. 250x195x34 mm. Neuware - Informative - Compact - Comprehensible! Project Manager is a textbook and reference work. It is an advanced training tool that enables project management professionals to prepare for the higher levels of certification in accordance with GPM German Association for Project Management and IPMA International Project Management Association requirements. The textbook also provides an effective introduction to the field of project management for beginners. It contains an overview of the most important subject areas, though in enough depth of detail to enable their application in practice. The GPM has set standards for the international development of project management with Project Manager: Proven methods, Main focus on 'people in projects', Strong emphasis on communication, Covers the requirements of the internationally recognised IPMA Competence Baseline (ICB), Created with the assistance of test readers from reputed German enterprises. Project Manager covers the field of project management on the basis of six modules: (A) Project and project context, (B) Model procedures, (C) Operational project management, (D) People in projects, (E) Single projects and project environment, (F) Implementation and optimisation of project management. 548 pp. Englisch.
