More at [LargePrintLiberty.com](http://LargePrintLiberty.com). The worlds financial system is in a precarious state, and everywhere the cry is heard for reform. The contributors to this notable anthology argue for one particular sort of reform, a return to the gold standard. They write from the perspective of the Austrian School. Murray Rothbard incisively criticizes another proposal for monetary reform, the monetary denationalization suggested by F. A. Hayek. He agrees with Hayek that anyone should be free to offer whatever he wishes as money, but it does not follow that what people offer would be accepted by others. For acceptance to take place, the proposed money must be taken to have value: and this, as the money regression theorem shows, can happen only if the commodity has some value in a non-monetary use. We have every reason to think that a genuine free market would gravitate toward a gold standard. An objection to the gold standard, common among monetarists, is that it leads to waste of resources. Gold must be extracted from the earth through expensive mining operations. With...
