Reviews

This created pdf is excellent. This is for anyone who statte that there had not been a really worth reading through. Your life span will probably be transform as soon as you total looking over this publication.
(Prof. Esteban Wuckert)

HISTORICAL CAPITALISM (PAPERBACK)

DOWNLOAD

Verso Books, United Kingdom, 1996. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book ***** Print on Demand *****.In this short, highly readable highly readable book Immanuel Wallerstein provides a condensation of the central ideas of his monumental study of capitalism as an integrated, historical entity: The Modern World System. In developing an anatomy of capitalism over the past five centuries, Wallerstein traces those elements that have constantly changed and evolved, while giving equal attention to features of historical capitalism that have necessarily remained constant. Particular attention is paid to the emergence and development of a unified world market, and the concomitant international division of labour. He argues forcefully, against the current of much contemporary opinion, that capitalism has brought about an actual, not merely a relative, immiseration in the countries of the Third World. The economic and social problems of underdeveloped countries will remain unresolved as long as they remain unresolved as long as they remain located within a framework of world capitalism. Historical Capitalism with its continuation Capitalist Civilization, is a stimulating synthesis of one of the most challenging and influential assessments of capitalism as a world-historic mode of production.
