The Spiritual Quest of a Scientific Mind: An Engineer s Search for Meaning Beyond Science

By William L Hamilton

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The theme of the book is that the world of the spirit is real and can be learned, to some extent at least. And that spiritual knowledge based on fact is truly power, and it brings satisfaction and contentment beyond all else to those who seek it. It is about the teaching of The Ancient Wisdom. Jesus came to teach this as did others before him and others after. There is nothing new about the basic facts. What is new is the more effective way that it can be explained in this modern era. There is no plot---just 50 essays, most of them based on spiritual experiences of the author, each one illustrating some aspect of the world of the spirit. Simple enough for the beginner to get started, yet deep enough to interest for a lifetime. Some aspects are approached from more than one perspective for clarity, including metaphysics and a New Testament outlook with remarkable conclusions. Not totally a how-to book, rather a way to select appropriate how-to books. Crammed with valuable insights, it can be...
