Reviews

A very great ebook with perfect and lucid answers. It can be packed with wisdom and knowledge I found out this book from my dad and i encouraged this publication to learn.

(Elena McLaughlin)

PHOTOSHOP CS6 AND LIGHTROOM 4: A PHOTOGRAPHERS HANDBOOK

Rocky Nook. Paperback. Book Condition: New. Paperback. 344 pages. Dimensions: 9.9in. x 8.0in. x 1.1in.Adobe Photoshop is central to almost all photography workflows and Lightroom has rapidly been adopted as well. Each new version of the software is a milestone in the development of these vital imaging tools, and the 2012 releases are no exception. Photographers often feel overwhelmed when starting with Photoshop; the sheer number of tools and options make it difficult for the novice. There is no shortage of instructional books, yet very few direct the user to the most significant aspects of the program in a way that reflects a real workflow for the photographer. Adobe Certified Instructor Steve Laskevitch has leveraged his experience as a teacher and practitioner to create a guide that provides a clear and effective workflow for editing photographs in Photoshop CS6 and its companions Bridge, Camera Raw, and Lightroom 4. Focusing on the critical elements of the workflow rather than covering every arcane feature, this book is designed to get you working quickly in these applications. In addition to the essential features of these programs, Laskevitch covers new features specific to the 2012 releases, including: Lightroom geocoding-Quickly tag a photo with location data; Photoshops Blur Gallery (Tilt-Shift, Iris, and Field Blur tools)-Add selective focus and bokeh effects; New development controls in Lightroom and Camera Raw; Recomposing or retouching photos with the Content-aware Move Tool; Publishing to Blurb directly from Lightroom; Video (no longer limited to Photoshop Extended; Adaptive Wide Angle-Make straight lines straight again; Face-Aware Mask Generation-An improvement to Color Range; Intelligent Auto-Correction; Adobe Camera Raw 7-Local controls for White Balance and Noise Reduction; New BlackWhite and HighlightShadow controls This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
