GRANTA BOOKS, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book. Men are infamous and detestable who are destroyers of religion, squanderers of kingdoms and republics, and enemies of the virtues . Niccolo Machiavelli (1459-1527) is one of the most influential modern political thinkers. His works, above all *The Prince* , *The Discourses on Livy* , *The Florentine Histories* and *The Art of War* , are still passionately discussed in the intellectual community and continue to suscite new visions of political action. Against the trite commonplace that Machiavelli was a teacher of evil who justified political immorality, Maurizio Viroli shows, on the basis of a rigorous study of his texts, that Machiavelli taught instead the best way to attain true glory through political action and that his works were inspired by a profound love of republican liberty. Extracts are taken from the whole corpus of Machiavelli s works, including his personal letters.
