Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Rvans (an insectoid-phylum), the inventors of secret weapons-of-mass-coercion, have launched a full-fledged undercover operation to take control of the Imperial government of the bi-galaxy, while they reinforce their hold on Delos/Earth. They now practically control the mind of the emperor and have placed their own pawns at the powerful Galac ministry and at Pol-Int, the political Intelligence ministry. While their stealthy fight enters its decisive phase, only a handful of sacked political actors now lacking any political leverage seems to have noticed the carefully staged moves; and yet the Galactic Federation as well as Delos/Earth are in the balance. There s little hope left. until a young Ur genius, Pi, stumbles on criminal maneuvers on a tiny, faraway planet, that points to a bigger plan. Using a new Syg-3 technology enabling him to step into past events, will he be able to thwart Rvan plans? Can the Urs, a civilization of artists-yogis fully dedicated to developing their mind potentials, checkmate the deadly Rvan technology? Meanwhile, on Earth, outstanding psi subjects work for a secret military program to gather intelligence using Remote Viewing, and they too find evidence of aliens interfering with major events. Time is short. Will Earth, awakening to the reality of a universe teaming with intelligent civilizations, make the necessary consciousness leap quickly enough to overturned Rvans control of Earth and self-manage their entry as a member-planet in the Federation? Space Allies shatters our blinkers by revealing the tremendous potential of a science dedicated to expanding mind and consciousness, and whose green technology is based on the boundless syg-energy pervading the cosmos as a hyperdimension of consciousness. It puts into question a materialistic science and politics steered by the...
