Learn from a REAL expert by getting this book today! Book Description Vaping 101 - History of Vaping takes a brief look at the history of this recent pastime, focusing first on tobacco and its place in various cultures through the past 2000 years. Vaping is built on the foundation of the smoking habit, with many people choosing to vape as an alternative to smoking tobacco in the form of cigarettes and cigars. The e-book starts with a survey of tobacco use: -The plant that produces tobacco leaves -How smoking methods changed through the years -When science got involved in the smoking habit With this basic information, the book moves onto a look at: -Early versions of the electronic cigarette -Various options for vaping -How this became a business -How it grew as a business -Improvements to vaping equipment and oils The last part of the book gives details of: -How big tobacco gets involved...
