

Biology Through the Eyes of Faith: Christian College Coalition Series (Paperback)

By Dr Richard Wright

HarperOne, United States, 2003. Paperback. Condition: New. Revised and Updated ed.. Language: English . Brand New Book. This comprehensive work, one of a series cosponsored by the Christian College Coalition, addresses the needs of the Christian student of biology to align both science and faith. It demonstrates that the study of biology penetrates to the very depths of existence and can contribute to the construction of a consistent Christian world view. Richard Wright explores the biblical message of creation, relating it to contemporary understanding of origins and the responsibilities of our human stewardship of the planet. He stresses the biblical message of dominion and how it applies to the interaction of the life sciences with society in medicine, genetics, and the environment. The author addresses what the bible states about God and His world-- the meaning of creation, and how biblical concepts relate to science and the natural laws , highlighting the unique nature of biology and its interaction with Christian thought.

Reviews

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.
