BRIDGES TO CONVERGENCE IN 21ST CENTURY THOUGHT

Word Alive Press, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Bridges to Convergence in 21st Century Thought confronts the struggles contributing to the fractures in today s society. It tackles the problems arising from this divergence of thought, most notably polarization, fragmentation, and depersonalization in Western society. Arguably, the fractures are the result of a failed three hundred year old experiment that has resulted in..
