Reviews

An extremely wonderful book with perfect and lucid information. This can be for all those who statte there had not been a really worth reading through. Its been written in an exceptionally easy way and it is only after i finished reading this ebook in which actually modified me, alter the way i really believe.

(Kaelyn Reichel)

APPLICATION AND THEORY OF PETRI NETS 2000: 21ST INTERNATIONAL CONFERENCE, ICATPN 2000, AARHUS, DENMARK, JUNE 26-30, 2000 PROCEEDINGS

Springer. Paperback. Condition: New. 484 pages. Dimensions: 9.1in. x 6.2in. x 0.9in. This volume contains the proceedings of the 21st International Conference on Application and Theory of Petri Nets. The aim of the Petri net conferences is to create a forum for discussing progress in the application and theory of Petri nets. Typically, the conferences have 100-150 participants, one third of these coming from industry while the rest are from universities and research institutions. The conferences always take place in the last week of June. The conference and a number of other activities are co-ordinated by a steering committee with the following members: G. Balbo (Italy), J. Billington (Australia), G. De Michelis (Italy), C. Girault (France), K. Jensen (Denmark), S. - magai (Japan), T. Murata (USA), C. A. Petri (Germany; honorary member), W. Reisig (Germany), G. Roucairol (France), G. Rozenberg (The Netherlands; chairman), and M. Silva (Spain). Other activities before and during the 2000 conference included tool presentations and demonstrations, a meeting on Interchange Formats, extensive introductory tutorials, two advanced tutorials on Hardware Design and Timed and Hybrid Automata, and two workshops on Software Engineering and Practical Use of High-Level Nets. The tutorial notes and workshop proceedings are not published in these proceedings, but copies are available from the organisers. The 2000 conference was organised by the CPN Group at the University of Aarhus, Denmark. We would like to thank the organisers (see next page) and their teams. We would like to thank very much all those who submitted papers to the Petri net conference. We received a total of 57 submissions from 20 different countries. This volume comprises the papers that were accepted for presentation. Invited lectures were given by Jordi Cortadella, Philippe Darondeau, Gregor Engels, Serge Haddad, Kim Guldstrand Larsen, and Ole Lehrmann Madsen. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
