Revealing her secret may be the only way to find out if her gift is a blessing or a curse. Shannon Pryce is running from her past. She wants to get her life set on the right path with the ghosts of her past behind her. Even her twin's ghost is a guilty reminder of the fragile link between her ability and her tragic past. When she inherits her great aunt's long closed antique shop, she sees it as a chance for a new start, though she doesn't expect to unearth a few secrets from the shop's history or encounter the sexy owner of the small town diner. Shannon discovers a hidden cache of lost trinkets. She decides to attempt returning a man's pocket watch made over forty years ago. A watch, she discovers, entangled between a love affair long ago and a game of poker. But first, she needs to learn how to control her gift or end up losing her mind. Can Shannon sidestep the police and the town gossips to return items from her newly found box of trinkets to their rightful owners and keep her talent a secret?.
