This was changed however by new people such as Moholy-Nagy, Rodchenko, Man Ray etc. who we already discussed in the tutorials. One of the first theories of film in the English Language was Vachel Lindsay's The Art of the Moving Picture, which was published in 1915 which described the motion picture as a great high art. In fact, experiments in Electronic Media had originally begun in 1877 with the sound recordings Edison had made with his cylinder phonograph and the Gramophone (1898) and continuing with radio and silent movies of the 1920s and then talking cinema from 1926 which came out with the Jazz Singer. Following photography and its technological...
