Kat Biggie Press. Paperback. Condition: New. 344 pages. Dimensions: 8.0in. x 5.0in. x 0.9in.- Jessica Zucker, Ph. D. Clinical psychologist and writer specializing in womens reproductive health describes the book as: A compelling read from start to finish, this supportive guide to navigating pregnancy and infant loss will arm you with life-changing tools that will help you feel part of a dynamic community. The complexities of pregnancy and infant loss are explored by survivors themselves rendering this must-read book a first hand personal narrative that invites people to feel less alone in the aftermath of such devastating experiences. Grief knows no timeline and this thoughtful book does an exceptional job of explicating ways that society could more sensitively embody this concept by normalizing the spectrum of mourning. Profound losses create seismic changes in self-image, relationships, and overall identity. Many women blame themselves for their reproductive hardships and harbor monumental shame as a result. Contributors delve into crevices of their minds and hearts and courageously express the complexities of their processes- journeys that should be shared and not silenced, providing enlivening inspiration and raw accounts of how life perspectives are invariably altered in the wake of loss. This accessible guide provides valuable tips and resources for grieving families which serve as a grounding way to acknowledge the pain, ease the grief, and explore pockets of hope. A vital resource for anyone who has experienced these kinds of losses and those who love them. - Jessica Zucker, Ph. D.
