# Beginning Remote Video Astronomy … So, what's the matter?: Practical solutions to questions when starting video assisted Astronomy remotely … … So, what's the matter?) (Volume 3)

By Meadows, Jim

CreateSpace Independent Publishing Platform, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: I am an engineer and like to solve problems. I also like Astronomy. As I have said in my other books, this is not a book about Astronomy though. There are many good books about beginning Astronomy and learning the night sky. This book addresses issues you may run into when starting to use your telescope and video assisted equipment remotely to see both solar system and deep sky objects while inside in near real time. This book contains helpful information that is not detailed in the manuals and will hopefully save you some time and frustration. The format of this book is simple. It contains the following list of questions with a discussion of the issue at hand. Exactly what do you mean by "Beginning Remote Video Astronomy" (RVA)?What is "near real time viewing"?What is the minimum I need to begin Remote Video Astronomy?How do I use this basic setup to get "first light" inside?What are some tips as I get started?What can I do if objects do not appear in the field of view after a GoTo slew?What else...

Reviews

The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).
-- Mr. Rafael Hoeger

This is actually the best book i actually have go through right up until now. It generally will not price an excessive amount of. I discovered this book from my dad and i suggested this book to understand.
