

Financial Management and Insurance Accounting

By National Insurance Academy

Cengage Learning India, 2009. Softcover. Book Condition: New. First edition. Financial Management and Insurance Accounting The book covers the methods and techniques of financial management and regulations for insurance accounting in the aftermath of insurance sector liberalization. This is a dynamic area and more reforms are expected in International Financial Reporting System (IFRS), but such provisions are yet to crystallize in the Indian insurance environment. Insurance management is a critical process of fund management. Insurance accounting is a special type of financial accounting based on Indian Accounting Standards, accounting regulations and the provisions of the Companies Act and the Insurance Act. The book exhorts the readers to remain dynamically tuned to the changes in accounting practices. Developed to help students and insurance professionals to become self-reliant in undertaking research, problem solving, and problem formulation * Will assist users to acquire expertise to determine their own priorities, to interpret and use insurance concepts effectively, and to monitor the training skills in their executives * Case studies and illustrations weaved through out the series to give theoretical as well as practical insight into various aspects of insurance operations1. Understanding the Annual Report 2. Accounting for Insurance Business with reference to IRDA Regulations 3...
