William B Eerdmans Publishing Co, United States, 1996. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This volume by Angelo Scola, a longtime friend of Balthasar and a leading scholar of his work, provides the most penetrating introduction to the vast writings of the great Catholic theologian available anywhere. Scola beautifully captures Balthasar's theological style and offers a reading of Balthasar that passes through the most important phases of his writings: theological, philosophical, and artistic. Intended to serve as an examination of the form of Balthasar's philosophical and theological approach rather than as a detailed overview of his themes and theses, this study will be an invaluable aid to students and scholars seeking to understand the complex body of Balthasar's work. From the critics: Balthasar's thought is complex, and Angelo Scola gives us a helpful guide. - *New Oxford Review*. An invaluable introduction to the theological style which permeates Balthasar's writings. A must for the serious student of Balthasar, Scola's text represents an invaluable addition to college and university libraries. - *Catholic Library World*.
