Let s get it right is a pack of 13 practical class-room activities for use at KS1 and KS2 for consulting children about what they learn in SRE, how it is taught and how it could be improved. The toolkit comes complete with: learning outcomes and teaching notes for the 13 activities photocopiable resources benchmark questions that a school can use to measure progress each year a checklist for reviewing SRE provision in a primary school a curriculum design tool explanation of why and how to involve young children in reviewing SRE The toolkit builds on the success of Are you getting it right? for consulting secondary-aged pupils . Exactly what is taught in SRE and from what age is too often debated and decided by adults without consulting the children it affects. However, even very young children can contribute their views about SRE provided suitable methods are used. This resource shows how this can be done in practice. Asking children their views on SRE gives them an opportunity to be active citizens and to fulfil their right to express opinions. This guide shows how listening to pupils can become part of school culture and thus reap benefits to pupil well-being, including raising self-esteem and developing social skills.
